

The Management Committee of The Telecommunications Universal Service, held its 11th meeting on Wednesday 20th December 2017, under the chairmanship of the Head of Government, Dr Saad Eddine El Otmami.

This meeting was dedicated to the examination of the progress of telecommunications universal service projects as well as projects of ICT generalization projects previously adopted by the committee.

New projects were submitted to the Committee. They aim to develop the uses of ICTs in the Kingdom of Morocco. These include a road map for digital transformation, the implementation of a centralized database for numbers portability, the contribution to the implementation of the national Register of the population and the adoption of effective measures to contribute to the national campaign of fight against the cold wave.
